Your Excellency,

As Honorary President of the World Union "OSE" I beg to apply to Your Excellency to allow forty professors and doctors from Germany to continue their scientific and medical work in Turkey. The above mentioned cannot practise further in Germany on account of the laws governing there now. The majority of these men possess vast experience, knowledge and scientific merits and could prove very useful when settling in a new country.

Out of a great number of applicants our Union has chosen forty experienced specialists and prominent scholars, and is herewith applying to Your Excellency to permit these men to settle and practise in your country. These scientists are willing to work for a year without any remuneration in any of your institutions, according to the orders of your Government.

In supporting this application, I take the liberty to express my hope, that in granting this request your Government will not only perform an act of high humanity, but will also bring profit to your own country.

I have the honour to be,

Your Excellency's obedient servant,

*A. Einstein*

(Prof. Albert Einstein)

His Excellency  
The President of the Cabinet of Ministers  
of the Turkish Republic.
