

ON THE QUESTION OF LAND...

The Democracy Development Program invites you to a citizens forum on land redistribution. The extent to which indigenous people were dispossessed of their land by whites in South Africa under colonial rule and apartheid has no parallels on the African continent.

Since the advent of democracy in 1994, issues at the heart of the land question in South Africa are how to reverse this phenomenon and how a large-scale redistribution of land can contribute to the transformation of the economy and the reduction of poverty, both rural and urban.

The Land Question in South Africa debates these issues against the backdrop of a land reform programme that made limited headway in the first 20 years of the country's democracy.

Join us as we unpack the issues at the heart of land re-distribution, of the political rhetoric and legal jargon.

We will be joined by renowned political analyst, Mr Aubrey Matshiqi, Abahlali Basemjondolo, as well as the Association for Rural Enhancement (AFRA) to help frame the discussions for the day.

Please RSVP to Thandiwe Klaas at rsvp@ddp.org.za . SPACES ARE LIMITED!
