Partnering Think Tank for Urban Sustainability

Building capacity for effective partnering practices

Date 19 – 20 March 2019

Location Holiday Inn, 66 Strand Street, Cape Town

Purpose

1. To explore how partnering can help us create a more sustainable city.
2. To understand the perspectives of multiple stakeholders in urban sustainability in the City of Cape Town.
3. To learn about the partnering values, principles, and capabilities we need to work together.
4. To apply partnering tools to the challenges you are facing in your work.
