

Session: Skill Training

Dr. Florian Schloderer

Post Doctoral Fellow

florian.schloderer@insead.edu

INSEAD Business School, Abu Dhabi Campus

6th of October, 2011

You and entrepreneurship?

- Who of you is currently attending or has already attended courses on entrepreneurship?
- Who of you could imagine founding a business in the near future?
- Who of you is in the process of founding a business?
- Who of you is already a business owner?
- Who has worked in a young business?
- Who has done an internship in a young business?

Today's agenda

- **Identify:** Which entrepreneurial skills do entrepreneurs need?
- **Train:** How can entrepreneurs develop their entrepreneurial skills?

Identification of entrepreneurial skills

According to my opinion,
these are the five most
important entrepreneurial
skills.

These are the entrepreneurial skills
from the video.

Identification of entrepreneurial skills

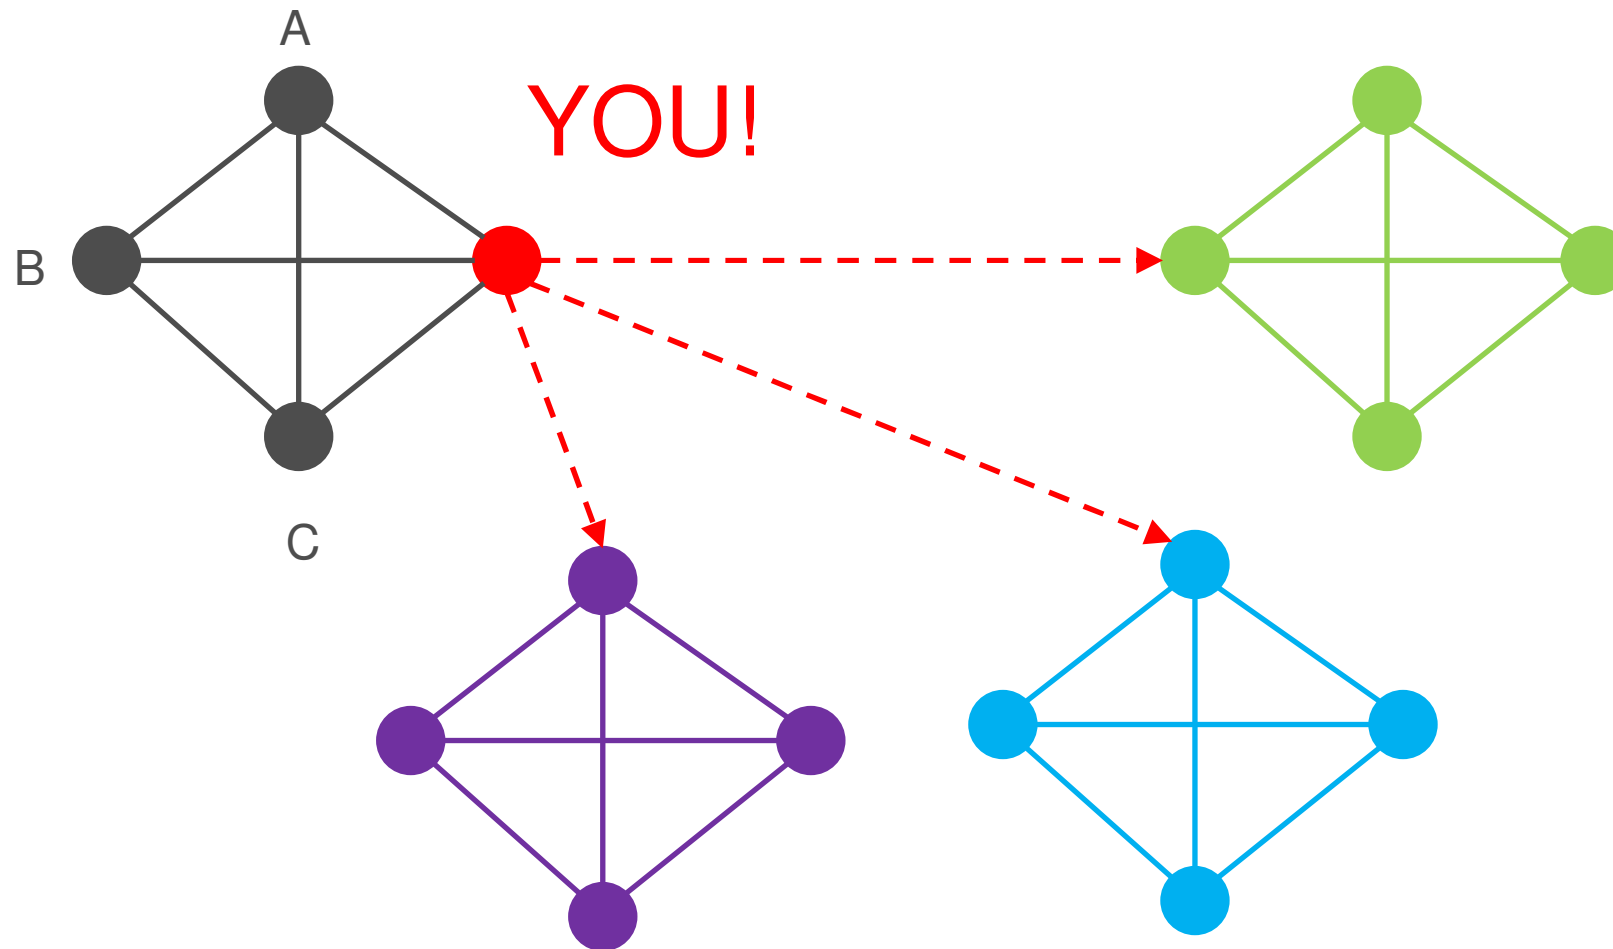

Training entrepreneurial skills

Two basic approaches

- The classical formal approach:
 - University degrees and programs
 - Courses for specific training needs
- But what about informal learning...???
- Developing a learning network
- Seeking guidance
- Practice / Learning by Doing

Training of entrepreneurial skills

Your learning network

Training of entrepreneurial skills

How to promote informal learning

Develop learning network	Seek guidance	Practice / learning by doing

My personal action plan to promote informal learning

My next action to develop my learning network:

My next action to seek guidance:

My next action to practice / of learning-by-doing:

Who is best able to manage the
development of
your entrepreneurial skills?

YOU!

Backup

Training entrepreneurial skills

Examples

- Identify and study your personal role model
- Do internships – in the UAE and abroad (if possible)
- Shadow a successful entrepreneur
- Engage your coach or a mentor
- Partner with others who have complementary skills and competences
- Test your ideas and yourself in a business plan competition
- Use online platforms on entrepreneurship
- Design a smart learning network
 - Exchange ideas with other entrepreneurs from your industry
 - Talk about your ideas and seek feedback from very diverse people
 - Connect with successful female entrepreneurs abroad
